## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicants' arguments, see Pages 14-17, filed on November 1, 2006, with respect to claims 1-8 and 11-18 have been fully considered and are persuasive. The rejection of claims 1-8 and 11-18 has been withdrawn.

In addition, the criticality of the first temperature different from the second temperature is noted, as applicants indicated, in pages 14-15 of the response.

### ***Allowable Subject Matter***

2. Claims 1-38 are allowed over prior art of record.

3. The following is an examiner's statement of reasons for allowance:

After further search and consideration of applicants argument filed on November 1, 2006, it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "said second temperature different from said first temperature," as recited in claims 1 and 11 respectively.

Claims 9, 19 and 21 are also allowed for the same reasons as set forth in Paragraphs 4-6 of the Office action that was mailed on August 10, 2006.

Claims 2-8, 10, 12-18, 20, and 22-38 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

### ***Conclusion***

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
